

### Flat roof windows (CFP/CVP)

Innovative VELUX solution for bringing large amounts of daylight into a flat roof.

- Available fixed (without background ventilation) or INTEGRA® electrically operated with hidden motor.
- Excellent sound insulation from rain and hail.
- Polycarbonate cover designed simply to protect the double glazed unit below from rain and snow.
- Kerb and sash made of extruded hard PVC profiles.
- Rain sensor closes window automatically with INTEGRA® electric version.
- Electric blinds are available.
- Energy efficient with an interior area U-value of 1.4W/m<sup>2</sup>K (certified to EN 12567-2) and an external surface area U-value of 0.72W/m<sup>2</sup>K (certified EN 1873).

External frame size including kerb (nominal w x h) cm  
Structural openings (nominal w x h) cm
